Sir or Madam:

I make this request under the Freedom of Information Act.

I would like, in electronic form – preferably DVD - a copy of that part of the QVF that relates to registered voters. For each voter, I would like the following information:

- Name
- Address
- County

I would also like a description of the Qualified Voter File. I assume that the QVF is a collection of files, or data sets, each made up of a group of fields. If that is correct, the QVF description would consist of lists of the fields in each file, along with the field definitions.

The reason I am requesting this information is for a statewide petition drive. I have two uses for it:

1. Verifying that petition signers are registered voters in the county specified at the top of the petition form.
2. Printing “walking lists” for petition circulators – lists of registered voters who live on a specific street, in house number order.

If you have any questions about this request, please call or email me.

Sincerely,

Steve Harry
